EXAMINATION GLOVES

Examination Gloves

RONCO features a full portfolio of examination gloves: Vinyl; Latex; Nitrile & Ronco Nitech®, our exclusive glove. Most of these gloves are available with sizes ranging from X-Small to XX-Large.

All of our examination gloves are registered with Health Canada & all have Medical Device Licenses. The demands in the Healthcare industry are moving towards better protection without compromising comfort.

Driven by innovation, RONCO has successfully introduced unique products by identifying existing gaps & developing solutions catering to specific needs – This includes the latest EDT – Easy Donning Technology.

Disposable Gloves - Material Performance Chart

MATERIAL	Barrier Protection	Chemical Resistance	Form, Feel & Comfort	Strength & Durability	Elasticity	Puncture Resistance
Nitech EDT	★★★★☆	★★★★☆	★★★★☆	★★★★☆	★★★★☆	★★★★☆
Nitrile	★★★★★	★★★★★	★★★★☆	★★★★★	★★★★☆	★★★★★
Vinyl / Synthetic	★★★☆☆	★★★☆☆	★★★☆☆	★★★☆☆	★★★☆☆	★★★☆☆
Latex	★★★★★	★★★★☆	★★★★★	★★★★★	★★★★★	★★★★☆

FOCUS ON QUALITY

Quality Control

At RONCO, we believe in strict quality checks at various stages, including during production, packaging and upon arrival.

We check the gloves for various properties including the following:

PROPERTIES DESCRIPTION

Length

Thickness

Figertip
Palm
Cuff

Physical properties

Tensile strength, before and after aging
Elongation, before and after aging
Maximum powder level

Major visual defects

Holes in the fingers
Holes between fingers
Uneven colour
Coagulum > 5mm
Weakness between fingers
Foreign particles/dirt/stains (Non-removable)
Mixed size
Excess powder
No bead or not completed bead

Minor visual defects

Removable dirt
Slight colour variation
Small stains
Coagulum < 5mm
Uncharacteristic odour
Blister bead

Pinholes

RONCO's AQL (Accepted Quality Level) meets or exceeds the international standards.

AQL:

Pinholes	1.5
Major defects	2.5
Minor defects	4.0

Colour Coding System

RONCO uses an innovative size selection colour coding system on the entire range of disposable glove dispensers to facilitate easy identification of the correct glove size.

Each dispenser is colour coded on both ends as well as on the top panel making it easier to identify the right glove size.

Nitech[®] EDT

**Examination
Gloves**

Compare NITECH[®] with other glove materials

What is NITECH® EDT?

NITECH® is a patented material - a blend of premium quality synthetic materials containing a specialized formula exclusive to Ronco.

These gloves contain Easy Donning Technology (EDT) which facilitates donning of gloves in wet, humid or sweaty conditions.

Why is NITECH® EDT Unique?

The proprietary NITECH® formula delivers superior tensile strength, elasticity and touch sensitivity. You can **“Feel The Difference”** with NITECH® EDT!

NITECH® EDT is a non-powdered alternative that provides all the benefits of powdered gloves, but without the typical risks.

NITECH® EDT - The In-Between Glove

This exclusive new material formulation provides the right balance of comfort and protection, perfectly filling the gap between vinyl and nitrile gloves.

RONCO INNOVATION!

Microporous

60gsm PP

The PP shoe covers are disposable and help protect carpet, tiles or wood floors from dirt, mud, stuff marks or other contaminants. They have anti-slip strips at the bottom for safety against falling.

The microporous shoe covers are coated with a non-skid microporous film that provides excellent resistance to tears & moisture for excellent safety & hygiene in, healthcare, pharmaceutical or other light applications. They provide a barrier against fine dust & dry particles & are also fluid resistant.
