Disposable Sleeves

Polyethylene Sleeves

End User Industries:

- Healthcare & Medical
- Food & Beverage
- Manufacturing & Industrial
- Personal Care & Beauty
- Institutional & Commercial Services

Colour	Measurements	Item#
White	16" x 8"	155W
Yellow	16" x 8"	155Y
Blue	16" x 8"	155B

- 100 Sleeves x 20 Bags = 2000 Sleeves Per Case

RONCO CARE™

Polyethylene Sleeves, 0.75 mil

- Flexible / Comfortable
- Compliant for contact with food
- Elasticized at both ends for full arm protection
- Available in an array of colours for HACCP compliance
- Fluid resistant

End User Industries:

- Healthcare & Medical
- Food & Beverage
- Manufacturing & Industrial
- Personal Care & Beauty
- Institutional & Commercial Services

Colour	Measurements	Item#
White	18" x 8"	33-113
Blue	18" x 8"	33-513

- 100 Sleeves x 20 Bags = 2000 Sleeves Per Case

COVERME™

Polyethylene Sleeves, 1 mil

- Fluid resistant
- Flexible and lightweight for ease of use
- Available in multiple colours for HACCP compliance
- Double elastics at both ends for extra durability and protection

End User Industries:

- Healthcare & Medical
- Food & Beverage
- Manufacturing & Industrial
- Personal Care & Beauty
- Institutional & Commercial Services

Colour	Measurements	Item#
Blue	18" x 8"	33-523

- 100 Sleeves x 20 Bags = 2000 Sleeves Per Case

COVERME™

Polyethylene Sleeves, 1.5 mil

- Compliant for contact with food
- Abrasion / Snag / Tear Resistance
- Elasticized at both ends for full arm protection
- Excellent protection against liquids or chemicals

Reusable Sleeves

Microporous Sleeves

COVERME™ XP 1000 Microporous Sleeves

- Protection from dry particles
- Great for use in hot & humid conditions
- Provides adequate protection from liquids
- Low-linting fabric that reduces contamination

End User Industries:

- Healthcare & Medical
- Food & Beverage
- Manufacturing & Industrial
- Technology & Electronics
- Facilities & Maintenance Services

Colour	Measurements	Item#
White	18" x 8.5"	40-951

- 50 Sleeves x 4 Bags = 200 Sleeves Per Case

REUSABLE
GARMENTS

SMS Sleeves

COVERME™ XP SMS Sleeves

- Ideal for hot and humid work conditions
- Made from breathable SMS Polypropylene fabric
- Good barrier from particulate matter and liquid splash

End User Industries:

- Healthcare & Medical
- Food & Beverage
- Manufacturing & Industrial
- Technology & Electronics
- Facilities & Maintenance Services

Colour	Measurements	Item#
White	21"	39-951

- 50 Sleeves x 4 Bags = 200 Sleeves Per Case

Reusable Sleeves

Polyurethane Sleeves

End User Industries:

- Healthcare & Medical
- Food & Beverage
- Chemical & Processing
- Agriculture & Aquaculture
- Personal Care & Beauty

Colour	Measurements	Item#
White	18"	39-368W
Blue	18"	39-368B
Yellow	18"	39-368Y

- 12 Sleeves x 8 Bags = 96 Sleeves Per Case

COVERME™

Polyurethane Sleeves, 5.5mil

- Compliant for contact with food
- Abrasion / Snag / Tear Resistance
- Chemical / Solvent Resistance - Moderate
- Available in an array of colours for HACCP compliance
- Die cut and seamless to eliminate bacteria and dirt traps

REUSABLE
GARMENTS

Vinyl Sleeves

End User Industries:

- Healthcare & Medical
- Food & Beverage
- Chemical & Processing
- Agriculture & Aquaculture
- Personal Care & Beauty

Colour	Measurements	Item#
White	18"	43-032
Blue	18"	43-532

- 20 Sleeves x 5 Bags = 100 Sleeves Per Case

COVERME™

CoverMe Vinyl Sleeves, 8mil

- Compliant for contact with food
- Made from premium quality PVC
- Abrasion / Snag / Tear Resistance
- Flexible and lightweight for ease of use & clean
- Elasticized at both ends for full arm protection

REUSABLE

Cut Resistant Sleeves

HPPE Sleeves

End User Industries:

- Food & Beverage Processing
- Manufacturing & Industrial
- Metal Processing & Fabrication
- Glass & Materials Manufacturing
- Construction & Building

Colour	Size	Item#
Grey	18"	68-774-18

- 10 Sleeves x 10 Bags = 100 Sleeves Per Case
- **Vend pack:** 25 Pair Sleeves x 2 Bags = 50 Pair Sleeves Per Case

PRIMACUT™

Cut Resistant HPPE Sleeves With Velcro Closure and Thumbloop, ANSI/ISEA 105 Cut Level A7

- Sleeves with high level of cut resistance are knit from HPPE allowing heat to dissipate away from body
- Abrasion, tear, and cut resistant
- Adjustable velcro closure to ensure fitting and comfort
- Nylon thumbloops prevent sleeves from riding up and ensure comfort and safety

End User Industries:

- Food & Beverage Processing
- Manufacturing & Industrial
- Metal Processing & Fabrication
- Glass & Materials Manufacturing
- Construction & Building

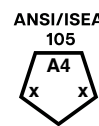

Colour	Size	Item#
Grey	18"	68-474-18

- 10 Sleeves x 10 Bags = 100 Sleeves Per Case
- **Vend pack:** 25 Pair Sleeves x 2 Bags = 50 Pair Sleeves Per Case

PRIMACUT™

Cut Resistant HPPE Sleeves With Velcro Closure and Thumbloop, ANSI/ISEA 105 Cut Level A4

- Sleeves with high level of cut resistance are knit from HPPE allowing heat to dissipate away from body
- Abrasion, tear, and cut resistant
- Adjustable velcro closure to ensure fitting and comfort
- Nylon thumbloops prevent sleeves from riding up and ensure comfort and safety

End User Industries:

- Food & Beverage
- Aquaculture & Fisheries
- Manufacturing & Industrial
- Metal Processing & Fabrication
- Waste Management & Recycling

Colour	Size	Item#
Grey	18"	68-514-18

- 10 Sleeves x 10 Bags = 100 Sleeves Per Case
- **Vend pack:** 25 Pair Sleeves x 2 Bags = 50 Pair Sleeves Per Case

PRIMACUT™

Cut Resistant HPPE Sleeves With Thumbhole, Cut level D

- Easy to wash and reuse
- Abrasion, tear, and cut resistant
- Thumbloops prevent sleeves from riding up
- Heavy duty cut resistance – EN388 Cut Level D
- Sleeves with high level of cut resistance are knit from HPPE allowing heat to dissipate away from body

PRIMACUT

2-Ply Lightweight Aramid Cut Resistant Sleeves, Yellow, ANSI/ISEA 105 Cut Level A3

- Made from aramid fibre, the sleeves deliver excellent protection from cut, slash, and abrasion hazards in the workplace
- Aramid material is inherently flame-resistant and can withstand heat up to 200° C (400° F) without degrading
- Soft and can stretch to fit most arm sizes
- EN 388-2016 Cut level C
- EN 407 contact heat level 1
- Free from Azo dye component

- 10 Sleeves x 10 Bags = 100 Sleeves Per Case
- **Vend pack:** 25 Pair Sleeves x 2 Bags = 50 Pair Sleeves Per Case

NEW

End User Industries:

- Automotive & Assembly
- Construction & Building
- Manufacturing & Production
- Facility Services & Maintenance
- Food Processing
- Canning

Item#	Size	Thumbhole
68-103-18THC	18"	Yes
68-103-22THC	22"	Yes

- 10 Sleeves x 10 Bags = 100 Sleeves Per Case
- **Vend pack:** 25 Pair Sleeves x 2 Bags = 50 Pair Sleeves Per Case

PRIMACUT

Aramid Cut-Resistant Sleeves with Cotton Liner and Thumbhole, ANSI/ISEA 105 Cut Level A2, Abrasion Level 2

- Made from Aramid fibres with interior cotton lining, these sleeves are comfortable to wear throughout the day
- Aramid material is inherently flame-resistant and can withstand heat up to 200° C (400° F) without degrading
- EN 388-2016 Cut level B
- EN 407 contact heat level 1
- Sleeves provide ANSI/ISEA 105 Cut Level A2 & Abrasion Level 2 protection
- Free from Azo dye component

MADE

PRIMACUT™

Lightweight Aramid Cut Resistant Sleeves, Yellow,
ANSI/ISEA 105 Cut Level A3

- Made from aramid fibre, the sleeves deliver excellent protection from cut, slash, and abrasion hazards in the workplace
- Aramid material is inherently flame-resistant and can withstand heat up to 200° C (400° F) without degrading
- EN 388-2016 Cut level C
- EN 407 contact heat level 1
- Free from Azo dye component

End User Industries:

- Food & Beverage
- Manufacturing & Industrial
- Metal Processing & Fabrication
- Aquaculture & Fisheries
- Waste Management & Recycling

Item#	Size	Layers of fabric
68-103-14	14"	Double-Ply
68-103-18	18"	Single-Ply

- 10 Sleeves x 10 Bags = 100 Sleeves Per Case
- **Vend pack:** 25 Pair Sleeves x 2 Bags = 50 Pair Sleeves Per Case

Sustainable Sleeves Made From Recycled Material

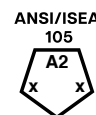

NEW

PRIMACUT™

Tubular Knit rPET Sleeves Without Thumbhole,
Black, ANSI/ISEA 105 Cut Level A2

- Crafted from recycled polyethylene terephthalate (rPET).
- 96.5% Recycled PET content by sleeve weight
- Delivers excellent protection from cut, slash and abrasion hazards in the workplace
- Provides superior snag, tear, abrasion and cut resistance
- Sleeves provide ANSI/ISEA 105 cut level A2 protection
- Free from azo dyes and benzidine compounds
- Available in 12-inch, 14-inch & 18-inch lengths options

End User Industries:

- Construction & Building
- Manufacturing & Industrial
- Warehousing & Logistics
- Carpentry & Woodworking
- General Commercial & Industrial

Size	Item#

14"	68-202-14
18"	68-202-18

- 10 Sleeves x 10 Bags = 100 Sleeves Per Case
- **Vend pack:** 25 Pair Sleeves x 2 Bags = 50 Pair Sleeves Per Case

Welding Sleeves

NEW

End User Industries:

- Construction & Building
- Energy & Utilities
- Manufacturing & Industrial
- Oil & Gas
- Marine & Shipbuilding

Item#	Size	Thumbhole
68-097-22	22"	No

- 6 Pairs x 4 Bags = 24 Pairs Per Case

FORGE

Premium Top Grain Goatskin & FR Cotton Welding & Grinding Sleeves

- Features premium top grain goatskin material extending from wrist to upper arm
- The upper sleeve is constructed with royal blue 9 oz flame retardant cotton
- The goatskin section measures 18" in length, with a total sleeve length of 22"
- Equipped with 2 1/4" external elastic bands at both ends to secure the sleeve firmly on the arm
- All construction utilizes aramid thread for enhanced durability
