92-494-09	Large
92-494-10	X-Large
92-494-11	2X-Large

6 Pairs x 12 Bags = 72 Pairs Per Case

Features

- Superior Grip in Oily Conditions – Specialized coating delivers excellent grip and handling performance when working with oily, greasy, or wet components, helping improve safety and productivity
- Dependable Chemical and Liquid Protection – Fully coated construction helps create a protective barrier against chemical splashes and liquid penetration while maintaining flexibility
- Long-Lasting Abrasion Resistance – Engineered for demanding industrial tasks, offering outstanding resistance to wear and abrasion for extended glove life and reduced replacement frequency
- Flexible Dexterity with Heat Protection – Combines chemical resistance, contact heat protection, and a flexible knit design to support precise handling and worker comfort throughout the day
- Specialized protection: In addition to chemical protection, satisfies EN 407 contact heat level 1, preventing workplace injuries

Storage & Handling

Store in the original packaging at room temperature, under a roof away from direct sunlight and moisture.

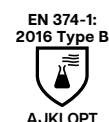

End User Industries:

- Construction
- Automotive
- Industrial Manufacturing
- Mining
- Petrochemical
- Oil and gas

Applications

- Chemical processing, maintenance and repair operations
- Metal fabrication
- Parts handling
- Industrial cleaning, utilities, transportation, and general manufacturing.
